SUMMARY

Full-stack .NET Core developer specializing in Angular, ASP.NET Core, Razor Pages, and SQL Server. I take ownership of features end-to-end, from frontend UI to backend logic, APIs, and database layers. Experienced in e-commerce development, data migration, scripting, and payment integrations. Quick to learn new tools, focused on clean delivery, and reliable execution.

SKILLS

- **Development Practices:** Code Reviews, Debugging, Problem Solving, and Requirement Analysis.
- **Backend Development:** ASP.NET Core, MVC, Razor Pages, Entity Framework Core, SQL Server, MySQL, LINQ, RESTful API Development, Custom API Design.
- **Data & Database:** Database Design & Optimization, Data Migration, SQL Scripting.
- **Frontend Development:** Angular, JavaScript, TypeScript, HTML, CSS, Bootstrap.
- **Integrations & Services:** API Integration, Stripe / Payment Gateway Integration.
- **Cloud & DevOps:** Azure, AWS, GitHub, CI/CD Pipelines, Firebase, Vercel.
- **Additional Stack:** MERN (MongoDB, Express.js, React, Node.js).

EXPERIENCE

Lycore, Software Engineer

Nov 2022 - Present

- Design and manage SQL databases, including queries, stored procedures, and data migrations.
- Develop custom REST APIs and integrate third-party services (including fulfillment APIs).
- Build and maintain web applications using Angular, Razor Pages, and .NET Core.
- Handle debugging, performance fixes, code reviews, and requirement analysis.
- Manage version control using Git and perform manual testing before releases.
- Deploy and manage environments manually on AWS (EC2, S3, RDS).
- Implement Stripe payments and other e-commerce functionality.

LAWomen, Volunteer

- Build and maintain the website and Litigation Management System using .NET Core.
- Handle debugging, performance fixes, and requirement analysis with the legal team.
- Develop REST APIs and integrate third-party services (Azure Blob Storage, authentication).
- Design and manage database schemas, queries, and legal document workflows for the LMS.
- Deploy and manage environment on Azure App Service, Azure SQL Database, and Blob Storage.

EDUCATION

Bachelor of Science (Information Technology)

Oct 2018 - Nov 2022

- PMAS Arid Agriculture University, Rawalpindi

3.1/4.0 CGPA
